

- Ideal for environments where hygiene is paramount and when considering architecture
- Highly polished surface finish
- Corrosion resistant construction
- Simple 'seize and squeeze' operation
- Controllable discharge assures efficient use of contents and minimises clean-up
- All extinguishers are re-chargeable

Water/Foam - Stored Pressure

In situations where interior design and/or hygiene are important considerations this range is an ideal solution. The highly polished surface keeps any interior looking modern without compromising safety and can be regularly cleaned as the metal does not corrode.

| Type                         | Water Additive S/P | Water Additive S/P | Water S/P | Water C/O |
|------------------------------|--------------------|--------------------|-----------|-----------|
| <b>Capacity (ltr)</b>        | <b>6</b>           | <b>9</b>           | <b>6</b>  | <b>9</b>  |
| Fire rating                  | 13A                | 21A                | 13A 144B  | 21A 183B  |
| Height (mm)                  | 500                | 640                | 500       | 640       |
| Cylinder diameter (mm)       | 180                | 180                | 180       | 180       |
| Overall width (mm)           | 300                | 300                | 300       | 300       |
| Filled weight (kg)           | 8.63               | 12.22              | 8.63      | 12.22     |
| Range of throw (m)           | >4                 | >4                 | >4        | >4        |
| Duration of discharge (secs) | 40                 | 60                 | 25        | 40        |
| Working pressure (at 20°C)   | 15 bar             | 15 bar             | 15 bar    | 15 bar    |
| Temperature range (°C)       | 0 to 60            | 0 to 60            | 0 to 60   | 0 to 60   |
