

20 Watt ABS Spherical Loudspeaker

- Coverage angles of 360 Horizontal
- Supplied with Metal Braided Cable
- Ideal for Covering Large Areas
- ABS Moulding with UV Inhibitors

These modern styled spherical loudspeakers are true omni-directional devices, providing coverage angles of 360 degrees horizontal and 140~160 degrees vertical, giving an even dispersion over the audio spectrum.

This excellent dispersion together with smooth frequency response and carefully controlled performance enable these speakers to offer solutions to many problems that arise in difficult acoustic applications.

Ideally suited for covering large open spaces such as, warehouses, open plan retail complexes, concourses, factories etc. These units are ideal for both speech and background music.

The unit is supplied with a metal braided cable strong enough to carry ten times its weight.

Dimensions (mm)

Technical Specification

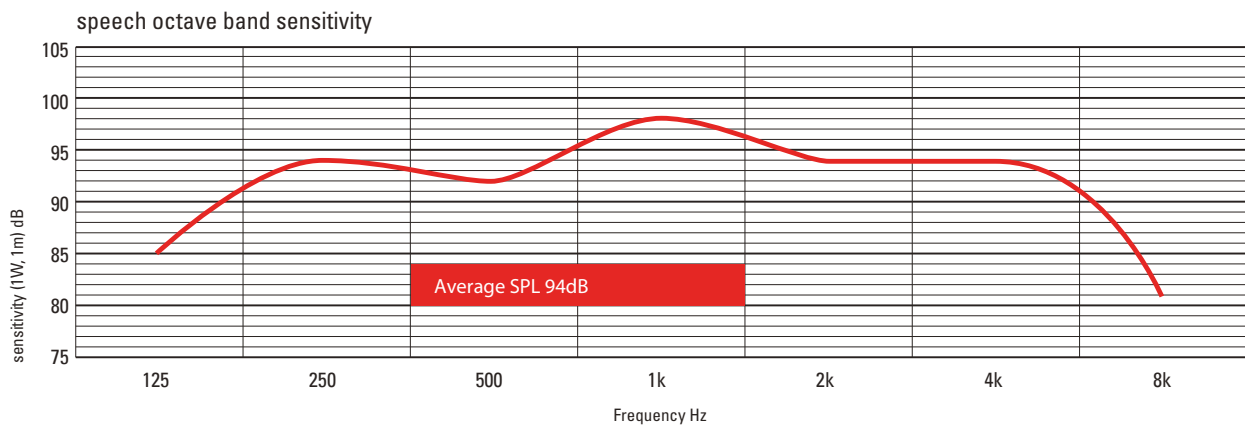

Circuit Diagram

Technical Specification:

Power Handling	20 watts
Rated Input	100 volt
Transformer Tappings	20, 10, 5, 2.5 watts
SPL (1w/1m)	94dB
Max SPL (rated/1m)	107dB
Frequency Response	80Hz – 18kHz
Dispersion at 1k/2kHz	360° / 360° Horizontal 160° / 140° Vertical
Dimensions (diameter)	254mm
Material	ABS moulding
Weight (inc. packaging)	2.4 kg
Colour	White
Stock Code	200-037-20
