

20 Watt Co-Axial Ceiling Loudspeaker

- 2 Way Speaker System
- Extended Bass Response
- Suitable for Paging & Background Music
- Excellent Frequency Response
- Ceiling Cutout Template Provided

8", flush mount ceiling speaker with innovative fitting system for fast and simple installation.

This loudspeaker has been carefully designed to satisfy the most critical eye. This unit is stylish yet unobtrusive and is supplied without a fire dome.

It employs a two-way speaker system comprising a bass mid-range driver and separate tweeter. The bass response has been extended to give depth and warmth to both music and vocals. This drive unit has been carefully tailored to give an exceptionally smooth performance whilst still maintaining an unusually high sensitivity for this type of loudspeaker.
