

30 Watt Music Horn Loudspeaker

- Produces a Unique Sound Quality for Speech and Music
- Ideal for Covering Large Areas
- Suitable for Internal and External Use
- ABS Moulding with UV Inhibitors

This weatherproof plastic horn loudspeaker combines a re-entrant horn with a high frequency unit and has been developed for clear speech and quality background music reproduction. The unit is rated at 30 watts and has two drive units one for low end frequencies and one for high, producing a unique sound quality.

Supplied complete with cable gland, this unit is ideal for areas where more than speech is required, such as indoor and outdoor swimming pools, sports stadiums, leisure centres or even railway stations.
