6000PLUS Discrete Sounder VAD

The Protec 6000PLUS Discrete Sounder VAD is a loop-powered sounder with VAD housed within a sensor-style casing. It is ideal for areas where fire or smoke detection is unnecessary, but sounders are required to blend seamlessly with the building's aesthetics

Standards / Approvals

- EN 54-3, EN 54-17, EN 54-23
- UKCA
- CE

Technical Specification

Product Code	6000P/SVAD
Environment	10°C to 50°C (0-95% RH non condensing or icing)
Ingress Protection	Type A (IP21C)
Weight	98g
Loop Powered	Yes
Loop Standby Load	0.55mA
Loop Alarm Load (Average)	13.5mA
Loop Voltage	18-28v
VAD Flash Rate	0.5Hz white flash
Mounting	Ceiling
Material	ABS to UL94-V0 flammability rating
Isolator	Yes
Dimensions (mm)	98.60Ø x 56.5(H)
Technical Documentation	DEL2130

TEC00039/0 04/25
